**ALS - Automated Licensing System**

- Montana hunting, fishing and other recreational licenses are issued via an automated licensing system (ALS).
- Once you acquire a license through ALS, you will be assigned a lifetime “ALS number”. The ALS number is your birth date plus a random number issued by the automated system. Your ALS number will printed at the top of your license.
- **If you do not have an ALS number, you MUST provide your date-of-birth and social security number.**
- Montana’s license year is March 1 through the end of February of the following year. Even though you may have a lifetime ALS number, EACH YEAR a person must purchase a conservation license to be authorized to purchase any fishing or hunting licenses.

**Attention Bowhunters**

- To purchase a Bow & Arrow license, all bowhunters must:
- provide a copy of a National Bowhunter Education Foundation (NBEF) certificate OR provide any prior year bowhunting/archery stamp, tag, permit or license from any state or province.
  - all bowhunters born after January 1, 1985 must show proof of also completing a Hunter Education program before purchasing any hunting license.

**Hunter Education Requirement**

- Legislation requires anyone born after January 1, 1985 to provide a copy of his or her Hunter Education Certificate in order to purchase **any** hunting license in Montana.

**Hunting Access Enhancement Fee**

- The Montana Legislature created this fee to help maintain and enhance hunting access to public and private lands statewide through programs like Block Management and other special hunting access projects.
- This is an annual fee and will be charged at the time the hunter purchases his/her **first** hunting license (including upland and migratory bird) of the season.

**Warm Water Game Fish License**

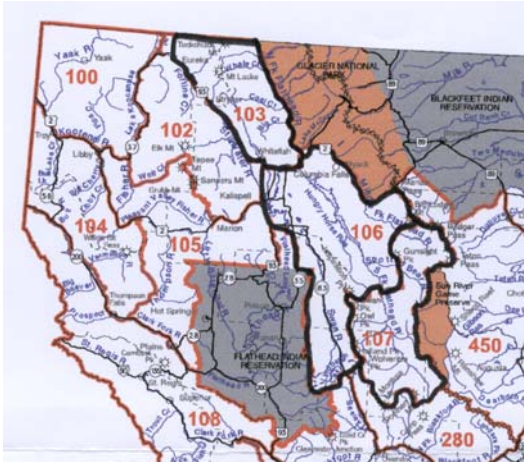

This license is required for all anglers who are required to be licensed to fish in Montana and who possess any warm water game fish including, but not limited to, largemouth bass, smallmouth bass, walleye, sauger, black crappie, white crappie, channel catfish, yellow perch, northern pike, and tiger muskellunge, or as listed in the 2006/2007 fishing regulations.

**Turkey License**

- Up to 2 turkey licenses may be purchased:
1. Spring Only or R7 Fall
  2. Fall Only or R7 Spring
- This allows the hunter to harvest:
- Two male turkeys in the Spring, as long as at least one of them is harvested in Administrative Region 7. OR;
  - One male turkey in the Spring, and one turkey in the Fall. OR;
  - 2 turkeys in the Fall, as long as at least one of them is harvested in Administrative Region 7.

**Fall Season:** August 31.

- A validated license is required for Spring Bear hunters in Bear Management Units (BMUs) 103, 106 &107. These districts are located in northwestern Montana immediately east and south of Glacier National Park. Validating your license will restrict your Spring Black Bear hunting to only those BMU units. During the Fall season, you may hunt in any BMU.
- You may hold only one black bear license per license year, but the license may be used in either Spring or Fall.
- Hunters must take and pass a black bear identification test before purchasing a 2006 black bear hunting license. There are two ways to take the test and receive your certification.
  - ONLINE at FWP’s website at [www.fwp.mt.gov/bearid](http://www.fwp.mt.gov/bearid) OR
  - MAIL IN - Request a mail-in test by calling 406-444-2535.
- License providers will not process the test or return them to FWP.
- If you previously passed the Bear ID test AND purchased a black bear license in Montana, you do not need to submit a bear certificate.

**State Lands**

The State Land Recreational Use License is included as part of the Conservation License. Therefore, persons who are licensed to hunt, fish, or trap are **not** required to obtain a recreational use license for use of legally accessible state trust land for hunting, fishing, and trapping purposes.
